Bridget Dougherty; set for December 5.
Sara L. Wikhnson et al., vs. F. J.
Jepson, dismissed.
Susan E. Cotts' trustee vs. City of
Wheeling et al., set for November 20.
John J. Cooper vs. W. T. Cooper et
al., transferred to Part I.

### IN THE CRIMINAL COURT.

A Theft Case and Old Liquor Violation Cases Disposed Of.

Yesterday in the criminal court, Judge Hugus on the bench, considerable business was disposed of, including the trial of John Duffy, who was charged with an attempt to defeaud his boardwith an attempt to defraud his board-ling house keeper. The jury was com-posed of G. A. Beall, David Leech, G. E. Sisson, George Loos, F. M. Milligan, P. W. Beardley, J. H. Fisher, George Bell, C. H. Hagedora, John Radman, William Othman and John Bafebelor. Duffy was found guilty and given the unusually light sentence of five days in Jall on account of extenuating circum-stances.

stances.

A large assertment of long standing liquor law violation indictments, some of which have been hanging fire for two years, were dismissed, as follows:

Joseph Michael, 9.

J. C. Bushop, 8.

Thomas Howley and Edward Menge, 13.

Isane Bogard, 1. Xavier Scroggms, 4. Edward Miller, L

the calling of the docket finished.

#### IN THE OIL FIELDS.

Crawford & Treat Bring in a Good Well in the Rank Wildest Territory in the Interior of Tyler County. One of the greatest surprises ever ex-

erlenced by the farmers and oil men in Tyler county was felt yesterday morning. About 8 o'clock word was received in Sistersville by telegraph that Treat & In Sistersville by telegraph that Treat & Crawford's well, on the Clutter farm, near Wick, had been drilled in and had started off at the rate of ten barrels perhour. Further news from there substantiates the first report and predicts that when the well is completed it will make a 300 barrel producer. This freak is situated one and a quarter miles southwest of the farmous Wick pool and ever a half mile from any other, locations, and adjoins the Ell Davis property. When the drill reached the sand the casing filled several hundred feet and when it was sent deeper the crude material is reported as spurting over the top of the derrick and flooding the surrounding territory. Great excitement prevails and nearly all the available conveyances in Sistersville were immediately gobbled up by the operators. The fact that the oil men looked upon this venture as a piece of foolishness, owing to its out of the way location, soes to show that nearly every farm in the county has oil in it and it only requires confidence to find it.

Says "D. S. W.," the Standard man, in Crawford's well, on the Clutter farm.

goes to show that nearly every farm in the county has oil in it and it only requires confidence to find it.

Says "D. S. W.," the Standard man, in his weekly review of the West Virginia oil "fields: The lower southwest field rather outstripped the local fields in the number of good producing wells completed during the week. The Benwood pool, in Monroe county, and the Hebron pool, in Tyler county, both increased their production very materially, and from present indications they are both capable of doing still better. In the Hebron pool the Cow Run sand is something of a factor. The second well on the Catharine Jones farm was drilled by the South Penn Oil Company, and started at 110 barrels a day. In the Big Injun development the Carter Oil Company of a fifteen barrel an hour producer at its No. 6, J. D. Livingston.

The new wells in the Berea Grit territory in Wood county, are not as large as first reported, but are a size that will encourage operators to continue the search. The well on the Richardson farm, southwest of the Ogden pool, was worked as a mystery and caused a good deal of excitement. It was shot early in the past week and the most liberal estimate did not place its production at more than fifteen or twenty barrels a day.

The deep sand territory in Tyler county, close to the Wetzel and Doddridge county lines, is claiming some attention and will be active during the whiter months. The big Hardman tract in Doddridge county ny presented Murphy, Jennings & Co., with a 250-barrel produncer when No. 37 was drilled in to the sand carly in the week.

Operations in the lower southwest fields are increasing in several districts. Along the castern edge of Tyler county some of the larger companies have mapped out a good deal of new work and it will be rushed to completion. Operators are beginnig to complain at the bad condition of the roads in West Virginia and are bending every energy to get supplies back into the interior before the roads get in an impassable condition, as they were last winter.

In the Dol

duzer.

Murphy, Jennings & Co.'s No. 46,
Hardman, is now past due in the sand,
but no word has been received from it
for three days. In the Rogerson Field.

In the Regerson Fleid.

The work of putting down new wells continues in the Rogerson old field. A fishing job is on hand at the Christic on the Riggs farm, Stewart & Bruner's No. 5 is expected in the last of this week, its showing will determine an extension of the field. The pumping station buildings for the Eureka Fipe Line Company are nearing completion, Oreuit & Company are progressing with their well on the Riggs farm. The McCarty well in the Keener sand will be shot to-day.

RINGING noises in the care, snapping, buzzing, roaring, caused by catarrh, all disappear with the use of Hood's Sarsa-parilla.

The Electric power plant, at Balti-more, of the Baltimore & Ohio Railroad Company is now being used not only to furnish the power for the tunnel mo-tors, but to run 180 street cars of the Baltimore Traction Company, to light the Camden Station and yards, the Hal-timore City tunnel, the Locust Point freight houses, warehouses and yards, Mt. Clare shops and the spleadid new Mt. Royal passenger station.

#### 13 HE ALIVE!

of Ex-Governor St. John, In dicted for Murder, Alleged to be Alive.

KANSAS CIFY, Mo., Nov. 16.-A special from Guthric, O. T., says: There chai from Gutrie, O. T., says: There is considerable excitement both here and at Okinhoma City, over the report that Harry St. John, son of ex-Governor John P. St. John, of Kanszs, is not dead, as announced three weeks ago, Young St. John was under indictment for the murder of his wife and his trial was to have commenced shortly after his death was announced. The story of St. John's probable return to life was started a week after his supposed burial, and though it was strenuously denied, it will now down. It has now been revived by a reliable El Reno man who declares that within a week he has seen St. John walking on the streets of Kansas City with Judge J. H. Pilzer, of this city, his former associate in the legislature and afterwards his attorney. Continuing, the special states: "It is a significant fact that as yet it has not been shown that anybody but the doctors and undertakers saw Mr. St. John after his death was announced." is considerable excitement both here

death was announced."

The Spanish Loan.

MADRID. Nov. 16.—The government loan of 250,000,000 pasetas has been creatly over subscribed. The sum of \$50,000,000 pasetas has already been subscribed and reports from numerous towns in the provinces have still to come in. The Bank of Spain has been obliged to open twenty special counters in Madrid, owing to the crush of subscribers, numbers of whom were only able to subscribe for a single bond. Capitalists in Havana offered to subscribe 5,000,000 pesetas.

A SENSIBLE woman will not fall to keep a bottle of Salvation Oil on hand for cuts and bruises. It is unrivaled, 25 cents.

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts gth, vigor to the whole

nerve stren and energy to the whole body. Read "Hood's Ear a par ille

helped me wonderfully. changed sickness to health, gloom to sun-shine. No pen can describe what I suf-fered. I was deathly sick, had sick headaches every few days and those terrible tired, despondent feelings, with heart troubles so that I could not go up and

# unshine

down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." Mrs. J. E. Smith, Beloit, Iows.

## FOUR ARE IN IT.

Two Other Republican Aspirants for the Mayoralty Out.

COUNCILMAN RANDOLPH BUTTS

Of the Fourth Ward, Announced Himsel Last Night, and His Cards will be Out This Morning-Squire Rogers Another The Quartette that will Battle for the Nomination—Mayor Caldwell's Card Declining to Remain a Candidate Not Yet Given Out-Other Political News.

Another candidate for the Republiean mayorality nomination has come out. He is Mr. Randolph Butts, of the Third ward, who has served as a member of the city council, in the first branch, for some time. Mr. Butts is a very popular man in his part of the city and will no doubt make the race for the nomination quite interesting for his two competitors, Mesgrs. James P. Maxwell and George W. Connel, both of whom hall from the Island. Mr. Butts has not formally announced his candidacy, but he is a full fledged aspirant, nevertheless, and lits cards will be in the hands of his workers this morning. Still another candidate for the nomination announced himself last night. Number 4 is Squire W. W. Rogers, of Centre district, who is endorsed by the political regiment, an old sol-diers' organization.

Though there is plenty of interest already displayed in the approaching Re-publican city primaries, the Democratic probabilities attract little or no atten-tion. There is little or nothing known as to the probable ticket that the Dem-ocracy will present in the electoral bat-tle of next January.

tle of next January.

Mr. Frank G. Caldwell has returned from Washington City, where he saw Mr. Walter H. Rinehart, who is arranging for the trip of the Elkins Club (Elkins Cadets and Plumed Knights) to Washington next March to attend the inauguration of President-elect McKinley. Mr. Rinehart called on Senator Elkins, while in Washington, and he expressed himself pleased to know that the club would be in Washington then, and said he would open the gates of the city for them, so far as it is his power to do so. The Elkins Cadets and the old Plumed Knights will hold a meeting next week and form the Elkins Chub. It is expected that the membership will be at lenst 250 and it is anticipated that fully 200 members of the club will be in line at Washington.

George M. Bowers, W. N. Lynch and E. W. Van Meter, of Berkeley county, came to town yesternay. Mr. Bowers left in the afternoon on a business trip to Chicago. The Berkeley statesmen are very proud of the work done in their county and in that section. They point with special prile to the fact that the six counties of Berkeley, Jefferson, Morgan, Hardy Hand shire, and Pendicton, gained this year 224 Republican votes over the vote of the landslide year 1894; and it pleases them to figure out that at the same ratio of gain the state would have gone Republican by more than 20,000.

Speaking of the race for the state senate in their district they say that Getzendanner, Republican, is undoubtedly entitled to the seat for which he made so fine a fight. On the face of the returns Shaffer, free silver man, is elected by 48 votes, but to give him this it is necessary to count for him 141 votes cast for him on the sound money Democratic tiexet. Shaffer's name was put on that ticket without autnority and in spite of the fact that the sound money Democratic did not when it put on their ticket. Without those votes Shaffer is defeated and Getzendanner elected by 33 votes.
